Re: Public Notification Plan  
Richmond Landfill Site, Town of Greater Napanea, Ontario  
Waste Management of Canada Corporation

---

Dear Ms. Garcia-Wright:

Waste Management of Canada Corporation (WM) owns the Richmond Landfill site, located in the Town of Greater Napanea, Ontario. The site operates under Environmental Compliance Approval No. A371203, issued January 9, 2012, as amended.

Condition 9.5 of the ECA pertains to the Public Notification Plan (Plan), which was developed by WM, the Ministry of Environment and Climate Change (MOECC) and the Concerned Citizens Committee of Tyendingaga and Environs (CCCTE) through the Environmental Review Tribunal process in February 2013. The Plan, and conditions governing its use, were included in Notice 1 to amend ECA No. A371203, issued May 3, 2013.

In the Plan, Section 4.0 reads as follows:

*"On or before January 31, 2015, and every two years thereafter, WM shall formally review this plan and, where appropriate, WM may prepare and submit proposed revisions to this plan to ensure that it is effectively fulfilling the notification purposes of the plan, as described in Section 1.0."*

This letter is to serve as notification that WM has conducted a review of the Public Notification Plan and has determined no revisions are required at this time. A copy of this letter has been provided to the stakeholders identified in Section 2.0 of the Plan, and as listed in this letter.

Should you have any questions or comments regarding the content of this letter, please do not hesitate to contact the undersigned.

Ms. Agatha Garcia-Wright, Director, MOECC
