Update to Local Communities and Surrounding Neighbours
Richmond Landfill

The purpose of this letter is to update you on activities at the closed landfill.

We have completed all actions required by WM of the Provincial Officer Order issued on January 23, 2020. Results of our testing have shown no impact to the environment either on-site or off-site from the releases.

Our 2019 Annual Report has been delivered to the MECP and is now available online, and by request using my information below.

We are in the bidding process for upgrades to the landfill which will include new pumps and an on-site leachate storage tank. Our current plan is to have this work completed by the end of 2020 or early 2021.

If you have comments or questions, please don't hesitate to contact me by letter, email, or phone.

Regards,

Bill McDonough, Site Manager
